SUMMARY

Business and delivery professional with 3+ years of experience scaling enterprise accounts, leading cross-functional teams, and delivering AI, SaaS, fintech, and digital products. Managed ₹20Cr+ in business across 50+ client engagements, combining commercial ownership, product thinking, and execution excellence to deliver measurable business impact.

EXPERIENCE

Assistant Manager — Product & Delivery Management

EMB GLOBAL

04/2026 - Present · Gurugram, KSA, USA

\$50M IT services marketplace; backed by DST Global, Alpha Wave, and Chiratae.

- Own AI projects end-to-end, from discovery to delivery, coordinating business, engineering, and ops teams across the marketplace.
- Manage multiple concurrent client engagements, owning timelines, commercials, and stakeholder communication end-to-end.
- Drove ₹3Cr+ in upsell and cross-sell revenue by aligning delivery outcomes with client business goals.

Senior Associate — Product & Delivery Management

EMB GLOBAL

04/2025 - 04/2026 · Gurugram, KSA, USA

- Delivered 20+ fintech products, SaaS platforms, and other digital products end-to-end for enterprise clients.
- Owned cross-functional coordination between business, engineering, and ops; resolved delivery risks before escalation and held a <5% SLA breach rate across accounts.
- Provided structured product feedback on internal tools (workflows, usability, adoption); inputs implemented directly in platform iterations.

Associate — Product & Delivery Management

EMB GLOBAL

06/2023 - 04/2025 · Gurugram, KSA, USA

- Delivered 30+ websites and web/mobile applications from discovery through launch, achieving 80%+ on-time delivery and ~90% NPS.
- Owned supply-side operations for 30+ vendor partners: capability mapping, scheduling, and commercial negotiations for cost-efficient delivery at scale.
- Translated business requirements into execution plans, user stories, and sprint backlogs, improving delivery predictability.

Operations Intern

FERNS N PETALS

01/2023 - 02/2023 · Gurugram

- Handled escalation management for 1,000+ orders; identified recurring purchase-funnel drop-offs and proposed SOP improvements that enhanced customer experience.
